APPROVAL OF STATE ENGINEER Las Vegas, Nv. 89102

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Point of Diversion, Manner and Place of Use of a portion of the waters of an underground source as heretofore granted under Permit 11102, Certificate 3120 is issued subject to the terms and conditions imposed in said Permit 11102, Certificate 3120 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.025 cubic feet per second.

The combined total annual diversion shall not exceed 36.19 acre-feet under this permit and Permit 28204.

Actual construction work shall begin on or before September 17, 1974

Proof of commencement of work shall be filed before October 17, 1974

Work must be prosecuted with reasonable diligence and be completed on or before September 17, 1974

Proof of completion of work shall be filed before October 17, 1974

Application of water to beneficial use shall be made on or before September 17, 1976
